W. E. BROCK OUT FOR COUNCILMAN

DR. MANN WILL NOT
RUN FOR OFFICE

Interest in Selection of Aldermen Grows Daily—Second Petition for C. W. Brownfield's Nomination in Circulation—Quiet in Third Ward.

W. E. Brock is the latest man to be boomed for aldermanic honors and if his friends succeed in their present purpose they will make him councilman from the second ward to succeed Councilman McCormack, whose time expires. A petition for Mr. Brock's nomination was started this morning and those who are circulating it declare his candidacy is meeting with favor.

In the fourth ward, Dr. E. A. Mann who was vigorously backed for councilman during the past few days, has announced that he will not run. A positive statement to this effect was made by Dr. Mann to the East Oregonian today. Residents of that part of town are now anxiously seeking a good man for the place.

In the third ward there seems to be a dearth of candidates to succeed Councilman Eli. Among those who are spoken of for the place are C. S. Wheeler, Ben Hill, Dan Kemler and others. It is also understood that

Mr. Eli would like to succeed himself.

In the first ward C. W. Brownfield, for whom a defective petition was filed yesterday, seems to be the only man in the running. A new petition for Mr. Brownfield's nomination is being circulated today. There is a strong sentiment for the reelection of Councilman Mumm, but up to this time at least Mr. Mumm has declared himself unwilling to run again.

SURPRISE SALE OF LADIES FINE SUITS

Something new and interesting to the ladies of Pendleton and vicinity. Thursday, Friday and Saturday the busy Boston Store will have on sale a consignment of the latest modish suits and cloaks from the New York market. The prices will range from \$25 to \$150 and all sizes, colors, styles and weights will be represented. The ladies who want to see the new ideas and at the same time right prices should be sure to visit the Boston Store during this sale and take particular note of the quality. We stick for this and ask that you compare with what you have bought. It is by this method we hope to convince you that we are entitled to a call. Do not neglect, but come early and bring a friend to help you. Extra help will be on hand to show everybody. Credit accounts must be arranged at time of sale.

MOB LYNCHES TWO NEGRO MURDERERS

Vicksburg, Tenn., Oct. 27.—Beating down an officer a mob of two hundred people stormed the jail at Floyd, Louisiana and dragged out Joe Gifford and Alexander Hill, negroes and lynched them. They are accused of murdering M. G. Brock a farmer, who caught them stealing his hogs.

When the leader entered the jail the two quivering men pleaded piteously for mercy. No time was wasted listening to the prayers, but quickly a dozen hands grasped them and carried them out into the open.

DIRECT NOMINATION OF PRESIDENT BOURNE'S LATEST

Portland, Oct. 27.—Direct nomination of president and vice president of this country is of utmost importance for the future of the nation, according to a statement by Senator Bourne today. He said: "If the people adopt this plan they will be sure the president will be working for all the people, no matter which candidate is elected, and it will be necessary for him to be in sympathy with and support the policy approved by the people."

H. M. Cockburn of Milton, came down from that place yesterday. He is a member of the district fair commission.

NOW IT'S PICKARD'S FANCY CHINA

Let us tell you right at the start that we are terribly particular what SORT of China we handle, just as we are about other things. We bought the famous Pickard's on the principle that our customers wouldn't care for anything "cheap," so we ask you to consider China excellence ONLY.

That leaves out a lot of low grade goods, but what IS here is RIGHT.

There are no better examples of the art of decorating China to be found anywhere, so we invite you to view it critically. Our display offers suggestions for presents that you shouldn't miss.

Don't fail to see our White and Gold Initial Haviland.

Newsy Notes of Pendleton

One Marriage License.

A permit to wed was issued today to Fleet J. Young and Ruth Strahm, both of this county.

Making Final Proof.

William Grigsby, the Barnhart rancher, is making final proof today on his Umatilla river homestead.

Wheat Unchanged.

There has been no change in the price of wheat in the local markets for several days, club wheat is still being quoted at 80 cents.

Are After Geese.

Arthur Gibson and William Bogart left on the morning train for the Columbia river bluffs near Arlington where they expect to engage in some goose shooting for two or three days.

Young Blakeslee Honored.

Harold Blakeslee, son of Dr. L. M. Blakeslee of this city, and who is now attending the Washington state college at Pullman, has been honored through being made a second lieutenant in the cadet regiment.

Military Dance Tonight.

At the Armory Hall this evening the first of a series of dancing parties to be given by company L will be held. Many invitations to the dance have been extended and the dances promise to be well attended.

Firemen Will Give Dance.

The local firemen are planning for a grand ball to be given Thanksgiving eve, November 24, in the Eagle's hall and Fire Chief John Vaughan, First Assistant Alex Manning and Second Assistant Pete Anderson, compose the committee on arrangements.

Young Strahm.

Fleet J. Young and Ruth Strahm were united in marriage this afternoon at 4 o'clock in the parlors of the Golden Rule hotel by Rev. Nathan Evans, pastor of the First Methodist church.

Matlock Is Better.

W. F. Matlock is resting easier today and his temperature is lower than it has been for two days, according to Dr. C. J. Smith, the attending physician. As this is the first illness the patient has ever experienced in all his life he is naturally chafing under the restraint.

Engineers Make Change.

Another change in locomotive engineers has just been made. George McEvoy, who formerly lived in this city has again been given the Pendleton-Starbuck and Starbuck-Umatilla passenger run while James Jessle has been sent to fill McEvoy's place on the Dayton run.

Leave for Prineville.

Rev. Ralph E. Story, pastor of the Baptist church and L. R. Compton, who has been baggage man at the Northern Pacific depot, left this morning on a ten day business trip to the Prineville and Bend country. They also expect to get some fishing and hunting before the expiration of the closed season. Rev. J. W. Stockton of Helix, will fill the Baptist pulpit during the absence of the pastor.

Greek Laborer Injured.

A Greek laborer, employed by the O. R. & N. at Barnhart, was the victim of a peculiar accident yesterday afternoon. In driving a spike a sledge flew from the maul, cut through his shoe and pierced the foot in such a manner as to make a bad flesh wound. He was brought to this city for treatment and is now at St. Anthony's hospital, where he is still weak from loss of blood.

Another Train Robber Witness.

F. B. Hartshorn, another resident of this city has been subpoenaed by the United States government to appear in Omaha and testify in the trial of the five men accused of complicity in the famous Omaha train robbery which occurred last spring. Hartshorn was the former owner of the revolver which was picked up at the scene of the robbery, having disposed of it to the Clarke hardware store, where it was secured by the man alleged to have used it in the holdup.

Another Zeuske Decision.

Word was received here today to the effect that the supreme court has denied the motion for a rehearing in the Zeuske case. By a recent decision the supreme court ruled in favor of the elder Zeuske and reversed the decision of Judge H. J. Bean. Now that a motion for rehearing has been denied the only recourse for those upon the other side of the controversy is to institute a suit in equity. Messrs. Fee & Slater are the attorneys for the younger Mrs. Zeuske and Lowell & Winter for the old people.

Enjoyed Baseball Game.

The automobile party comprised of Messrs C. Bishop, F. H. Bartlett, L. Hodgins, Ben Burroughs and Fred Lampkin, returned this morning from Walla Walla, where they had been to witness the professional ball game yesterday afternoon between the Philadelphia Americans and the All-Star Nationals. The former won by the score of 4 to 3 in a most exciting contest. Those in the party report a splendid trip, both going and coming, as well as a good game. They started on their return this morning at 6:30 and breakfasted in Athena on the way over.

An Automatic Switch.

"Necessity is the mother of invention," says a proverb which is so ancient that the memory of man runneth not to the contrary and the saying is evidently as true today as it was the day it was perpetrated by some forgotten savant. Carl Power of the Power harness shop, is the latest person in this vicinity to call

the old saw to mind. Disliking the idea of happening by the shop about 9:30 or 10 o'clock each night to turn off the lights in the show windows, he proceeded to invent a plan whereby the lights would turn themselves off. Accordingly he attached a string to the handle of the light switch, tied the other end of the string to the business end of a spring mouse trap, and then connected the trigger of the trap with the striker on an alarm clock. The result is that when the alarm is started at the hour for which it is set, the trap is sprung and the switch disconnected. The scheme works like a charm and the rude contrivance is now to be seen in the window of the shop.

SUFFRAGETTES AND THE HUNGER STRIKE

London, Oct. 27.—Queer things are leaking out concerning the treatment of suffragettes undergoing imprisonment in English jails for attempting to force the government according to franchise. There is always a number of suffragettes in prison at London, Liverpool and Manchester. A few weeks ago they declared a hunger strike and at first whenever a striker had nearly starved herself the authorities released her. Recently they decided to resort to forcible feeding, to compel the prisoners to serve their terms. A feature of the situation is that only working women are subjected to the stomach pump treatment, and influential women continue to be released after a few days of fasting, as before.

The authorities maintain no harm comes from forcible feeding, while physicians say it results in chronic stomach troubles.

STUDENT WOUNDS CLASS- MATE WHILE FENCING

Stanford University, Calif., Oct. 27.—While fencing in the gymnasium today, John Wesley Howell, a sophomore, of Los Angeles, drove the foil through the arm of John Meman, another sophomore, also from Los Angeles, inflicting a serious injury. The boys were close friends and members of the same fraternity. They were engaged in a lively tilt, when the button flew off Howell's foil. This was not noticed and Howell made a lunge, driving the steel through his opponent's arm.

MASKED THUGS HOLD UP AUTOMOBILE

Seattle, Oct. 27.—Police in automobiles are searching for three armed and masked highwaymen who late last night held up an automobile driven by George H. Launer, robbed his wife of \$400 worth of diamonds, a watch and valuable papers. A plank across the road stopped the auto. Three masked men with big revolvers stepped from the shadow and commanded the couple to throw up their hands. They took everything of value and allowed them to proceed.

PRESIDENT TAFT GOES DOWN THE RIVER

Memphis, Oct. 27.—President Taft received a loyal greeting on his arrival here today. Following an auto parade he dedicated the new Y. M. C. A. building. After this he was driven to the Auditorium and made the principal address of the day. He was officially welcomed by Governor Patterson. The president left on board the "Oleander" at 3 this afternoon for Helena, Ark., where he will arrive at 9 o'clock.

BOMB THROWING BECOMES POPULAR AGAIN

Odessa, Oct. 27.—Bomb throwing had a wonderful revival in Russia recently, twenty six successful or attempted outrages being reported in September and October. The authorities are exerting themselves to suppress the unauthorized possession of explosives, as a large number of experts are producing their own explosives.

ROOSEVELT WILL HUNT RARE SPECIMEN OF ANTELOPE

London, Oct. 27.—Roosevelt today started hunting in the Eldama ravine for bongie, the rarest specimen of antelope in Africa. It is said this animal had never been seen alive by white man. Roosevelt said he had small chances of success but would spend months if necessary in the hunt.

HOW TO MAKE THE FAT COMFORTABLE IN SUMMER

If you are fat and have difficulty in breathing or walking or eating and if you find that the heat is exhausting you during the heated term you will be interested in knowing that the famous Marmola prescription is now being prepared in tablet form and that one of these little tablets taken after each meal and at bedtime will reduce your fat at the rate of from 12 to 15 ounces per day. These tablets stop fat from being made and they assist the body to throw away the fat already made in a natural manner. They are harmless and you will find that their use will build up your system to a higher degree of perfection than ever before. They have perhaps the greatest army of responsible men and women who have written of their effectiveness than any other prescription ever written. You need not diet or exercise and you may eat when and what you will. The food you eat will make no fat if you take a Marmola tablet after the meal; and more than that, you will so strengthen your digestive organs that you will need no assistance in a short time even from Marmola Tablets. Every druggist sells them or you may write the Marmola Company, Department 664, Detroit, Mich. A case of Marmola Tablets costs only 75 cents everywhere.

A SPECIAL IN SUITS

An early stimulant for the buyer, one that should interest all persons where a moderate priced suit is desired.

\$10

For this purpose we have collected a large array of

modern up-to-date suits made by progressive tailors and these we offer at the price Ten Dollars and which we add from our stock a large number of suits valued at \$15 \$20 and \$22.50 that go at the afore-said \$10. As we do not buy suits to sell at this price regular this is indeed a special.

REASONS FOR SAFETY:

The American National Bank is organized under the National Banking Law and is under the constant supervision of the U. S. Government.

Not less than five sworn reports must be made each year, and these reports were always called for on unexpected dates in the past. This means daily readiness. These reports must be published and must be verified by the expert Bank Examiner whom the Government sends here to thoroughly examine this Bank twice each year, at unexpected times. This Bank has

Capital \$100,000.00
Stockholder's Liability 100,000.00
Surplus and undivided profits 172,000.00

Making a total of \$372,000.00 which stands, not as the total security, but as the margin of security for our depositors.

Every dollar of this must be lost before any depositors can lose a penny.

This Bank is restricted by law to conservative business methods.

Its funds are protected by modern Burglar Proof steel safes and steel lined vaults, and are insured against burglary and sneak thieves.
